About AHCCA...

USA Healthcare Savings programs are provided through membership in America's Health Care Consumer Association (AHCCA). AHCCA is a not-for-profit national organization, developed to provide health-related programs that save money for its members across the nation. Sales representatives receive compensation from the association for promoting and selling memberships in the association. The association contracts with the providers of services. AHCCA investigates these providers but cannot warrant or guarantee their performance. As always, the association invites and encourages your suggestions on ways its programs can be increasingly beneficial to its members. As part of your enrollment in AHCCA, you are automatically enrolled as a member of Consumer Assistance Services Association (CASA). Certain of your program features are available through membership in CASA. For a copy of your Certificate of Insurance, please contact Member Services at 888-411-3888, or visit our website at www.usahealthcaresavings.com.

These Programs are NOT INSURANCE.

Our Programs

USA Healthcare Savings programs are not health insurance policies, but they provide discounts at certain health care providers for medical services. USA Healthcare Savings does not make payments directly to the providers of medical services. The member is obligated to pay for all health care services but will receive a discount from those healthcare providers who have contracted with USA Healthcare Savings. Members acknowledge that equal or lower prices may be available through individual negotiations. USA Healthcare Savings makes available, before purchase and upon request a list of providers, including the provider's name, city and specialty. Discounts on Prescriptions are available only at participating pharmacies.

The rising cost of healthcare has left over 46 million people in our nation without health insurance. At USA Healthcare Savings, we recognize the growing need to provide an affordable answer. That's why we've negotiated rates with some of the most reputable U.S. medical networks in order to offer you savings on all of your healthcare needs.

Why use USA Healthcare Savings?

- No one is denied. Our programs are available for everyone.
- We provide choices—we have up to seven programs to choose from.
- Our programs are affordable—as low as \$9.95 per month.
- You and your physician have control of your medical care.
- Many of our members have received savings on health-related services.
